Children and Teens

For students aged 6-17, these courses are designed to help children and teenagers develop confidence in using English in real-life situations.

Our interactive communicative methodology encourages effective and fun learning within a supportive environment. As well as developing English language skills, the children improve their overall communication, collaboration and critical thinking skills.

We have summer courses throughout July and August – so why not come and see for yourself?

10% Discount available on children and teens courses.
